ARMOURBITE® BENEFITS

ARMOURBITE® DELIVERS MULTI-PATENTED TECHNOLOGY. THE PERFORMANCE IS PROVEN. THE ADVANTAGES ARE UNDENIABLE.

Independent, peer reviewed studies held at some of the nation’s top universities and research centers show that ArmourBite® works. Patented and scientifically proven, ArmourBite® helps athletes train harder and perform better than ever.

INCREASES STRENGTH†
A properly fitted custom mouthwear appliance with Power Wedges™ prevents the completion of the clenching mechanism on the TMJ, and improves airflow by opening the oropharynx.

INCREASES ENDURANCE†
Improvements in the airway opening may improve oxygen kinetics, such as lowered oxygen deficit and/or improved breathing work rates.

SPEEDS UP REACTION TIME†
A reduction of stress in the TMJ area with the use of a mouthpiece may be on explanation for the improvement in reaction time.

REDUCES ATHLETIC STRESS†
Excess cortisol causes stress and fatigue. ArmourBite® decreases cortisol levels, so you can perform better.

FREQUENTLY ASKED QUESTIONS

HOW DO ARMOURBITE® PRODUCTS DIFFER FROM MOUTHGAURDS?
Mouthguards are designed to provide protection. The ArmourBite® Mouthguard does much more. Like the ArmourBite® Mouthpiece, it also delivers enhanced performance. That’s why ArmourBite® technology is recommended by dentists, pro trainers, strength coaches, and wellness experts.

WHO SHOULD USE UNDER ARMOUR PERFORMANCE MOUTHWEAR™ PRODUCTS?
Hundreds of professional athletes in virtually every sport rely on custom Under Armour Performance Mouthwear™ products. But it isn’t just for the pros – it’s for all athletes at every level who want to perform better.

HOW DO I GET MY UNDER ARMOUR PERFORMANCE MOUTHWEAR™ PRODUCTS?
Once you’ve picked which model is right for you, getting your own Under Armour Performance Mouthwear™ products is a quick and easy 3-step process. First, your dentist takes your bite impressions. Next, the impressions are shipped to our lab where we custom-make your product. Third, your mouthwear is shipped back to your dentist for a final fitting.

HOW LONG DOES IT TAKE TO GET CUSTOM UNDER ARMOUR PERFORMANCE MOUTHWEAR™ PRODUCTS?
Once fitted, the orders usually take up to 10 days for delivery. Talk to your dentist about shipping options to get your product sooner.
ABOUT UA PERFORMANCE MOUTHWEAR™ PRODUCTS

YOUR JAW IS THE KEY TO UNLOCK THE POWER YOU NEVER KNEW WAS THERE.

NO ONE EVER TOLD YOU THAT YOUR JAW COULD HELP YOU PERFORM BETTER.

That’s because no one knew. Hundreds of years ago, a few people were on to something. Ancient Greek athletes bit down on leather straps for an edge during competition. Viking and Roman warriors clamped down on bits of leather for focus on the battlefield. They knew something worked, but concept itself never evolved. Until now.

ARMOURBITE® IS ENGINEERED TO HELP UNLOCK YOUR HIDDEN POWER AND POTENTIAL.

Under Armour® introduces an entirely new category of sports equipment – ArmourBite®. ArmourBite® Mouthpieces and ArmourBite® Mouthguards are safe and custom built. Now, athletes in any sport – from football to golf to running – can capitalize on innovative technology that makes you stronger, faster and better.

Whether you want to improve your athletic performance or you need added protection in contact sports, Under Armour Performance Mouthwear™ gives every athlete a competitive edge.

HOW ARMOURBITE® WORKS

BUILT-IN ARMOURBITE® POWER WEDGES™ MAKE ALL THE DIFFERENCE.

UNLOCK THE POWER OF YOUR JAW.

Whenever you train or compete, the natural reaction is to clench your jaw. Multi-patented ArmourBite® Power Wedges™ are uniquely shaped to help maintain optimal spacing and counteract the negative effects of clenching.

Without UA ArmourBite®

With UA ArmourBite® Power Wedges™ Between Molars

ArmourBite® helps your body help itself by unlocking the power of the jaw. Now you can unleash your full potential and perform better across all sports:
